Vol. 3, No. 21 — EDMONTON, ALBERTA, WEDNESDAY, FEB, 21, 1951 — Subscription $2.00 Per Year

## Important Matters Discussed By Lac la Biche Council

LAC LA BICHE. — Many important matters were discussed at the January meeting of Lac la Biche town council.

Following are extracts from the minutes of the meeting, which was attended by Mayor W. Cadzow, Councillor M. Maccagno, and Secretary-Treasurer E. Weeres.

It was moved by Mayor W. Cadzow and carried, that the monthly statement for the month of December be adopted as read and the minutes of the meeting held Dec. 4, be adopted as amended.

The Students' Union represented by Donald Blair, Mr. McMillan and Mr. Davies, again discussed with the Council the operation of the skating rink for the 1950-51 season. It was moved by M. Maccagno and carried, that the town pay all operating expenses, the Students' Union manage the rink, draw up the schedules and sell the tickets and the revenue be divided equally between the Students' Union and Village. The price of tickets will be Adults, $2.00; Students, $1.25, and family tickets, $3.00.

The Secretary was instructed to write a letter of thanks to Mr. George Blair and Mr. Oscar Tremblay for their assistance in the installation of the electric lights in the skating rink.

A letter was received from the Civil Defence Board requesting that this municipality send a delegate to a luncheon meeting to be held on Jan. 5, at which civil defence matters would be discussed. As it was already past the date set for the meeting no action was taken.

It was moved by Mayor Cadzow and carried, that due to heavy commitments the request of the Salvation Army for financial assistance be declined.

A communication was received from the Dept. of Public Works stating that Caterpillar 20 Road Patrol No. G807 has now been declared surplus and that they would accept the salvage value of $300 as full settlement. On motion of M. Maccagno a cheque for $300 is being sent to the Department as a tender on the machine.

The Northern Alberta Railways advised that they were able to supply water for the flooding and maintenance of the skating rink at a cost of $2.00 per thousand gallons, providing that it is obtained at a time convenient to their pump man and that it is secured at the risk of the Village of Lac la Biche. It was moved by M. Maccagno and carried, that the offer be accepted.

On motion of M. Maccagno $500 was ordered paid to the St. Catherines Hospital as payment in full for the 1949 agreement.

A contract was received from Mr. T. W. Pue, covering an arrangement whereby the municipality was to furnish each ratepayer with a six months' subscription to the Lac la Biche Herald. While the contract was accepted in principal there were a few points that needed correction and it was decided that a new contract should be drawn up and presented at the next meeting.

Associated Engineering had made an inquiry into the progress made on the water and sewer project and the secretary was instructed to forward the required information.

The Indemnity Insurance Co. of North America, through their agent, Mr. C. H. Hamel, advised that they found it necessary to increase the premium in their liability policy covering this village to $75.00. It was moved by M. Maccagno and carried, that the increase be accepted.

Advice was received from the office of the King's Printer that the Town and Village Act had now been consolidated to 1950 and it was decided that a new copy should be ordered for the use of the Municipal Office.

Imperial Oil Limited served notice on this village that they were going to appeal to the Alberta Assessment Commission with regard to the assessment of Personal Property on their Lac la Biche agency.

The Secretary was instructed to communicate with the Dept. of Municipal Affairs with a view of obtaining a grant in lieu of the taxation of Personal Property in the Liquor Vendors and the Treasury Branch.

The feasibilty of imposing a business tax rather than a personal property tax was again discussed. It was decided that an attempt should be made to procure the figures of Mr. H. J. Powers, Government Assessor, from which the floor space measurement of the business places within the village could be obtained. It was moved by Mayor W. Cadzow and carried, that E. H. Weeres be appointed assessor for the purpose of making the business tax assessment for 1951.

**The matter of unlicenced dogs running at large within the village was discussed. It was the decision of the Council that the bylaw requiring all dogs within the village carry a licence would be strongly enforced and that any dog without the required licence would be disposed of.**

It was moved by M. Maccagno and carried, that the by-law setting the poundkeeper's fee for the feed and care of an impounded horse at thirty-five cents per day be amended to read one dollar and five cents per day and that the bill of $21.00 presented by Poundkeeper Noel Leteorneau re the impounded animal recently sold be paid.

On the suggestion of the Secretary it was moved by M. Maccagno and carried, that the Secretary-Treasurer's bond be increased to $5.000.

It was moved by Mayor Cadzow and carried, that E. Weeres be appointed Returning Officer for the General Election to be held in February.

## Rose Brizinski Weds Craigend Man

A quiet ceremony took place on Feb. 8, in the St. Andrew's Church in Lac la Biche, when Rose Brizinski of Lac la Biche and Mike Stuparek of Craigend, exchanged vows.

The bride was dressed in a long white sheer dress with a floor-length veil. Her only jewellery was a wrist watch, pearls and earrings.

The bride was attended by three bridesmaids who were Doris Brizinski, (sister of the bride), dressed in pink; Olga Stuparek, dressed in pink, and Stella Lacowick, dressed in blue.

The best men were Brownie Balaban, Mike Huskwo and Paul Eleniuk.

Later a supper was served at the groom's home and a dance followed, where everyone had an enjoyable evening.

RUTH SPRINGFORD, one of Canada's leading radio actresses, is heard frequently in CBC network broadcasts such as Stage 51 on Sunday nights. She's active in Toronto's New Play Society, has a film to her credit.

## Lac la Biche Mission

N. Robert arrived from Yellowknife accompanied by sons John and Leon and his two daughters Jeannette and Christine. They came to Mass Sunday and Jeannette and John sang 'Je Te Benis.' He also visited his children at the convent.

Louis Cloutier has been visiting his parents for a few days. He passed the winter at 137 Mile Camp.

Rev. Fr. Ouellette was here this week visiting Fr. Cabana.

Mrs. F. Boucher left last week. She will stay with her son at Lac la Biche for the winter.

Mr. Flobert still saws logs for the farmers around the Mission.

Mr. A. Leboeuf and his son Maurice have been here on business.

Louis Cloutier bought his brother Emile's car.

Gabriel Bouvier was here on business lately.

Mrs. Vital Boucher went to the University hospital in Edmonton for medical treatment. We wish her a speedy recovery.

Cecile Boucher is working at the Hospital in Lac la Biche.

Germain and Eugene Routhier were visiting their mother Sunday. Mr. Beaudry was with them.

## Couple Return To Their Egg Lake Home

Mr. and Mrs. Armand Lebeur, who have spent the last two months in Edmonton are back home.

Everybody in the district have been shocked to learn of the sickness of Mrs. Adrien Amiot. She had a stroke on Jan. 28. She is completely paralysed on the right side. She is a little better but cannot speak at all. We wish her a complete recovery. The Adrien Amiot family is well-known in the district, having resided for 34 years here. They moved to Lac la Biche only a few months ago.

Miss Jeanine Amiot spent the week-end in Lac la Biche recently, visiting her sister Georgette.

Miss M. Jeanne L'Heureux spent a few days in Lac la Biche visiting relatives.

The snow and winds we had lately have drifted the roads quite bad in some places. The school van missed two days last week. Thanks to Mr. Maurice Lebeur, who rigged a snow plow in front of his tractor, the roads are all cleared again.

## Lac la Biche Weather

| | Max. | Min. |
|---|---|---|
| Feb. 10 | -8.4 | -16.3 |
| Feb. 11 | 1.4 | -34.4 |
| Feb. 12 | 0.0 | -36.0 |

## Whist Party Proceeds Go To Ball Teams

whist drive was held in Rich Valley Hall, Saturday, Feb. 10. There were 45 attending. Men's first prize went to Mr. Frank Leclercq; men's consolation to Cecil Brand; women's first, Mrs. M. Brand; women's consolation, Miss B. Mason. Proceeds were divided between Rich Valley Hall and Goldthorpe ball team.

The Rich Valley hockey team are having a real streak of bad luck. Two games were played at Rich Valley last Sunday. Rich Valley team were defeated by Onoway 6-2 and by Lac Ste. Anne 5-0. Stanley (1), Allan (1), Nordlund scored for Rich Valley and Arth Brand with two assists. Alberta Beach will be visiting Rich Valley, Sunday, Feb. 18. Rich Valley hockey team will be visiting Bellvedere on Wednesday, Feb. 21.

Just before Sunday's hockey game, Richard Imeson had the misfortune of being hit on the face with a puck, leaving a nasty cut. Brother George had much force behind the swing that did the damage. Better keep your eyes on that little blac kthing, Richard. Richard.

Congratulations are in order for Mr. and Mrs. H. Larison on the birth of an 8 lb., 4 oz. son, born Jan. 30, and named James Terrance.

## IMPERIAL MILLS NEWS NOTES

Mr. R. S. Cresswell of Imperial Lumber Co., Edmonton, spent a few days here on Company business.

Mr. Bob Almond, "cat" operator at Imperial Mills, narrowly escaped serious injury, when part of a treetop perced his left cheek below his eye, while at work.

Mr. Fred Smith returned home from the city driving his newly purchased Dodge "Crusader."

The annual meeting of the Heart River School District, No. 4954, was held Feb. 10. School trustees are now: Mr. F. Terrien, Mr. G. Fisher and Mr. Bob Almond.

Mr. and Mrs. J. Bozok are now enjoying the visit of Mrs. Bozok's mother, who comes from the Opal district, at their home here.

Mrs. Bob Gosset returned here from a short visit to her home in Stony Plain.

Only nine of Hawaii's 20 islands are inhabited.

## LAC LA BICHE NEWS NOTES

Miss Angeline Coutney accompanied by her little sister Carol, visited relatives in Edmonton the past week.

A number of Ernest Coutney's friends gave him a surprise party at his home on his 26th birthday.

Mr. and Mrs. W. Dumke and daughter from Edmonton have taken residence here. Mrs. Dumke is a sister of Paul Rezewski.

Mrs. Frank Bouvier and daughter are visiting Mrs. Bouvier's daughter Mrs. Leo Duperron and family at Tweddie.

Mrs. Ernie Schirrmacher visited her daughter Miss Leola in Edmonton, a student at Normal.

Phillip Duperron is employed at Tweddie working in the bush for his brother Leo.

Mr. W. Dumas has closed his butcher shop. He is now buying and shipping livestock.

Dr. Grant Olsen, dentist from Athabasca, is here every Friday and Saturady. His office is located across the street from Noe Letourneau's barn, in the building where W. Dumas' butcher shop was located.

Mrs. Vivian Hicks and daughter Marline from Edmonton, are making their home here.

Mrs. Daniel Beaudry and children are visiting relatives at Boyle.

Mr. Bob Howath and son Glen have bought Blue Garage. Mr. Howarth was a locomotive engineer for the C.N.R. He was a mechanic in the Air Force and for six years before enlisting in 1939 he was employed at the Ford Garage at Wainwright. Glen has been a mechanic for the past four years at Jasper Park. Mrs. Howath and baby will be moving up from Edmonton next month.

Miss Margaret Bell, Edmonton, is stenographer at Howath and Son's Garage.

## CRAIGEND NEWS NOTES

The annual school meeting was held on Feb. 10, a good crowd attended and had a little chat.

Mr. Alden Happner is back home after a few months 'work in Edmonton.

Miss Adeline Happner has returned from the city for three days. We noticed diamonds sparkle on her finger.

Miss Adeline Salahub was also home recently for a short stay.

We're sorry to hear our mail service has been changed, because a lot of us don't feel like tramping to the Post Office on Saturday.

## CURLING IS POPULAR SPORT IN M'MURRAY AND WATERWAYS

McMURRAY. — Curling is a popular sport these days in McMurray and Waterways with several bonspiel events on tap.

The Waterways bonspiel is drawing to a close with Mr. J. Williamson's rink the winner of the Consolation event.

Mr. S. Wylie's rink was winner of the Merchants' event, defeating the K. Turnbull rink. Tonight the Harris and Tolen rinks meet to decide the winner of the Grand Challenge. It is too early to predict, but it should be a good game. Electric clocks were the prizes in the Consolation and sweaters in the Merchants'.

### McMURRAY BONSPIEL

The McMurray Club starts its bonspiel this Monday with McCormack and Hardman leading off. There are 22 rinks entered, and there should be some keen competition.

### WOMEN DEFEAT MEN

The waiting room of the McMurray Curling Club was packed to see a rink of McMurray women curl against a rink of Waterways men, and beat them too. On the McMurray rink were Mrs. F. Harris, Mrs. J. Truitt, Mrs. D. Gallagher, and Miss Joan Reibel, while the Waterways rink consisted of Mr. L. Tolen, Mr. R. Delange, Mr. H. McCormack, and Mr. N. Clarke.

The women scored on the first and from then on the women took over and the final score was 11-8. It was indeed a very good game to watch, and some very tricky shots were made on both sides.

# EDITORIAL PAGE

## Stalin Objects

In any plan to re-arm Western Europe against the threat of Communist invasion, it is necessary that Western Germany be included. To re-arm all of Europe without taking in that part of Germany now occupied by the Western powers, would be tantamount to leaving the front door wide open to the aggressor.

Strangely enough, the Germans themselves kick against preparing their own defense. Any overtures now being made by France and the Atlantic pact countries to our former enemy are treated with veiled threats of immediate aggressive action by Stalin.

General Eisenhower feels that if we DON'T re-arm Germany, it would be very easy for the Russians to gobble up that defenseless area in any major conflict, and as a good soldier he's right in wanting Western Germany on our side right from the time the first shot is fired. On the other hand, Stalin's threats of aggressive action if any steps are taken to re-arm puts the Commander-in-Chief on the horns of a dilemma.

Can we woo Germany into a wholehearted defense of Western Europe — and make her strong—before Stalin acts? Let's hope so.

## To Replace Missing Stone

The Red Deer, Alberta firm that offered to replace the stolen Stone of Scone, free of charge, is not the only firm that has received royal refusal. His Majesty the King has "graciously declined an offer of the Indiana Limestone Company" of Bedford, Indiana. President of the Company, William G. Riley wired an offer to the King and received a letter from the British Embassy in Washington. The King was represented in the letter as "greatly appreciating" the offer but "regretting it is not possible for him to avail himself of your kindness".

Who knows? The next British monarch may yet be crowned Emperor without this worthless piece of Scotch rock to sit upon.

## Longer Work Week

We can have our cake and eat it too, if business and industry goes on a 48 hour week. The automobile industry, for instance, on a 40 hour week hasn't been able to keep ahead of the demand for new passenger cars and trucks. Now, we're going to need new guns, tanks and planes in addition to the cars and trucks we've been buying. If every worker in the automobile and allied industries were to work 48 hours a week instead of only 40 we could have our pleasure cars and farm trucks and have our defence too! Within a year or two, if there is no shooting war, we could possibly reduce our manufacture of war machines to a pace sufficient to keep step with new technological advances, and if by that time more immigrant workers are brought in, be able to return to a 40 hour week with no loss in production for civilian consumption.

We'll admit a 48 hour week sounds ridiculously easy to farmers used to working 12 hours a day, six days a week and 8 hours doing chores on Sunday, but to Government employees who have recently been obliged to observe a 37½ hour week in place of 33, this will sound like a piece of barbaric horror.

## Immigration

The Canadian Government is speeding up its immigration program, by advancing passage to anyone with thirty Canadian dollars in his pocket. Any immigrant with that much money and a head on his shoulders can make a small fortune, according to European standards, in no time at all here in Canada.

Further than that, every new worker will contribute to the wealth and defence of Canada. The Government is 100% correct in encouraging immigration to the limit.

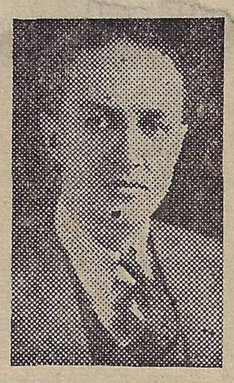

## More About Calendar Reform

By T. W. PUE

Somehow or other, when our column on calendar reform was published a few weeks ago, a copy of the LAC STE. ANNE Chronicle got into the hands of A. J. Hills, of Ottawa. Chairman of the World Calendar Association, International, Mr. Hills wrote at length pulling us up on a point or two. Here are some of his observations:

It seems that it would be giving too much credit to Pope Gregory XIII to say that the calendar after 1582 'was a big improvement over the previous one'. As a matter of fact no change in the calendar structure was made at that time. The adjustment and the change made by Gregory were both related only to the leapyear rule. The defective leapyear rule of Julius Caesar was corrected in recognition of the fact that the length of the year is not 365¼ days, but 365.242216. The difference between .25 and .242216 in 16 centuries had accumulated an error of 10 days. By the time England and her colonies adopted the so-called Gregorian calendar the error had grown to 11 days and these were cut out between September 2nd and September 14, 1752.

But apart from dropping 10, or 11 days out of the calendar, and providing that century years of which the first two digits are not divisible by 4 should be ordinary years, no change in the calendar was made.

T. W. Pue

It is too bad that Pope Gregory did not make some changes in the calendar structure, but he left the months just as Julius Caesar had imperfectly assembled them 45 years before the birth of Christ. The old story that Augustus changed the months to have the month named after him as long as Julius Caesar's—although formerly accepted by even such an authoritative work as the Encyclopaedia Britannica has of recent years been dropped.

While what was then the sixth month was named for Augustus by resolution of the Senate, and plebs, Augustus is cleared of the crime of mussing up the calendar by giving August 31 days.

The writings of Censorinus and Macrobius show pretty clearly that Julius Caesar was responsible for the months just as we have them today. It is proper however to state that the irregularity of the structure of the present Gregorian calandar comes directly from superstition so strongly held by Romans that odd numbers were lucky and even numbers unlucky.

When Numa Pompilius about 713 B.C. added after December the two months January and February to the 10 months of the early Roman calendar, every month but one in his 12 months calendar of 355 days had an odd number of days, either 31 or 29, but to make an odd number of days in the year (so that the year would be lucky as well as 11 of the 12 months) **Februray was given 28 days. Four months had 31** days, seven had **29, and one, February, had 28.**

When Caesar, with the assistance of Sosigenes, put his 365 day calendar in force, his action according to the version of Censorinus as given in Dr. William Smith's Smaller Dictionary of Greek and Roman Antiquities, was as follows:

"Accordingly, to the 355 days of the previously existing year he added ten days, which he so distributed between the seven months having 29 days that January, Sextiles (August) and December received two each, the others but one; and these additional days he placed at the end of the several months, no doubt with the wish not to remove the various festivals from those positions in the several months which they had so long occupied."

Much the same reason is given for not disturbing February.

It is evident that there was nothing scientific about the arrangement of months as this came down to us. It was no doubt 'good enough for the times'. That too is probably what Sosigenes thought of the leapyear rule which on his advice Caesar adopted, as it was known 100 years earlier that the length of the year was not quite 365¼ days. Probably coming from Alexandria, his view was 'good enough for these Romans'. After all the leapyear rule was only out 10 days in 16 centuries.

What I meant to convey about New Year's is that the 1st of January always coming on a Sunday, observance would ordinarily be on Monday the 2nd. However Mr. Hills proposal is that much of the ceremonial attaching now to New Year's **EVE** would with The World Calendar in effect focus on the coming of WORLDSDAY, also that to this day would be transferred some New Year's Day functions.

## Note and Comment

We do not believe that Western Canada is in any danger of a Russian invasion. Just think what would happen to heavy Soviet tanks if they ever hit some of the country roads. It may be that the deplorable roads are regarded as a defence measure by the powers-that-be in Ottawa.

* * * *

It isn't the buildings or the streets or the industries that make a town. It is the people.

Joseph Stalin is the disgruntled interloper who objects to any attempt by the Western Powers to re-arm Germany and equip her to defend herself against any future armed aggression.

## Voice of the People

"VOX POPULI, VOX DEI"

**Religious Wars**

Dear Sir—Peace may be the basis of the Christian doctrine, but any study of religious teaching shows that its ultimate end is preparation for total war.

The most brutal wars of history have been wars of religion. The vicious character of the Hebrew race is recorded many times in their wars.

Other races before and after Christ fought bloody and savage wars—either in defence of, or to promote, their particular religion.

After Christianity became the accepted religion of the Romans, the persecution of anyone who stood in the wav of the Catholic church became a standing rule. its savagery.

In AD 1588 an invasion of England was attempted by Spain. The attack was instigated and paid for by the Catholic Pope. The objective was to smash the Reformation.

At the Council of Trent the Bible as we know it was composed through selecting various manuscripts from early writers. They selected, and rejected, many ancient epistles from various sources in making up the Bible.

If you want to know my sources, I will give them to you.

V. T. J. TWIGG.

Hughenden.

**Barbers Like to Live**

Dear Sir—In answer to Frank Krenn (laughing hyena) I think you are a very greedy and cheap man. After all, all people work just like you to make an honest living.

I'll have you know that my husband is a barber, and his expenses are quite high. He not only has to replace a burned out light bulb as you mention, but has to pay for his rent, water, electricity, hair oil, shampoos, powder, soaps, etc., every month.

Belive me, at the end of the month he hasn't much left over.

So please, Frank Krenn, don't criticize other people, and do get a haircut and shave once in a while.

Edmonton. MRS. J. EVANS

**Co-operatives**

Dear Sir—I was interested in your editorial on whether the churches should support co-operatives.

The Roman Catholic church has supported co-operatives for a long time.

Only a very prejudiced person would refuse to support co-operatives because they are made up of every kind of human being.

Co-operatives daserve support by all fair-minded people because they represent the golden rule in economic enterprise.

I am under the impression that one of the aims of most churches is to raise the moral standards of people. If I am correct, the question of church support for co-operatives has to be answered with an emphatic Yes!

Sangudo. A. FROBEL

**More Toleration**

Dear Sir—I liked your editorial on 'I Remember Mother.' But eight years ago you could not have said your grandfather had come from Germany or your mother was a little German girl from the U.S.A. without seriously jeopardizing the subscription list of your paper. Now that World War II is over you may safely publicize your national background.

We need more toleration in this country, and I hope your paper will pledge itself to true fair-play and democratic behavior on the part of your readers.

SUBSCRIBER.

Edmonton.

**Hospital Conditions**

Dear Sir—Your paper has investigated and exposed lots of things and I wish you would expose the municipal hospital in Drumheller It sure needs looking into. ALERT.

Drumheller.

## HYLO NEWS BRIEFS

Mrs. A. Rayment returned from a trip to the city, where she visited Mr. Nick Stratton, who underwent an operation. We all wish him a speedy recovery.

Mr. M. Manca came home for the week-end.

An agricultural boys' and girls' club had their meeting in the Hylo School on Tuesday, Feb. 13. Mr. Godel was the guest speaker. A debate of "Whether this is a good grain growing area or not" will be held between members and fathers of members in the Hylo School on March 13.

## RICH VALLEY TOPICS

Correction in this week's report: The men's consolation prize was won by George Imeson and not Cecil Brand as reported.

The young people have formed a grain club with 17 members joining. President is Arthur Brand; Vice-Pres., Helen Badun; Secretary, Mike Badun; Honorary President, R. Rose; Club Leader, George Wrengreniuk. This should prove very interesting to the younger set.

### PLAMONDON NEWS

Miss Laurette Plamondon is now employed at the Willard Gauthier home, during Mrs. Gauthier's absence.

Miss Jeannette Schaub is now employed at the home of Mr. and Mrs. Ulric Menard.

Mrs. J. Le Rouzic and Mrs. L. Porodo of Atmore visited at the home of Mr. and Mrs. Claude Gauthier.

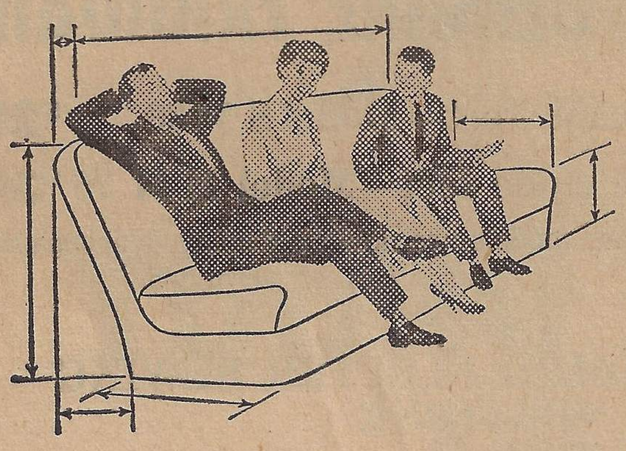

## NOTICE

Application for the position of plan and manager. Apply Secretary, NORTHERN REFRIG. ASS'N. LTD., Lac la Biche, stating qualifications and wages by Feb. 28, 1951. Box 191.

See them Today at your dealer's

DODGE

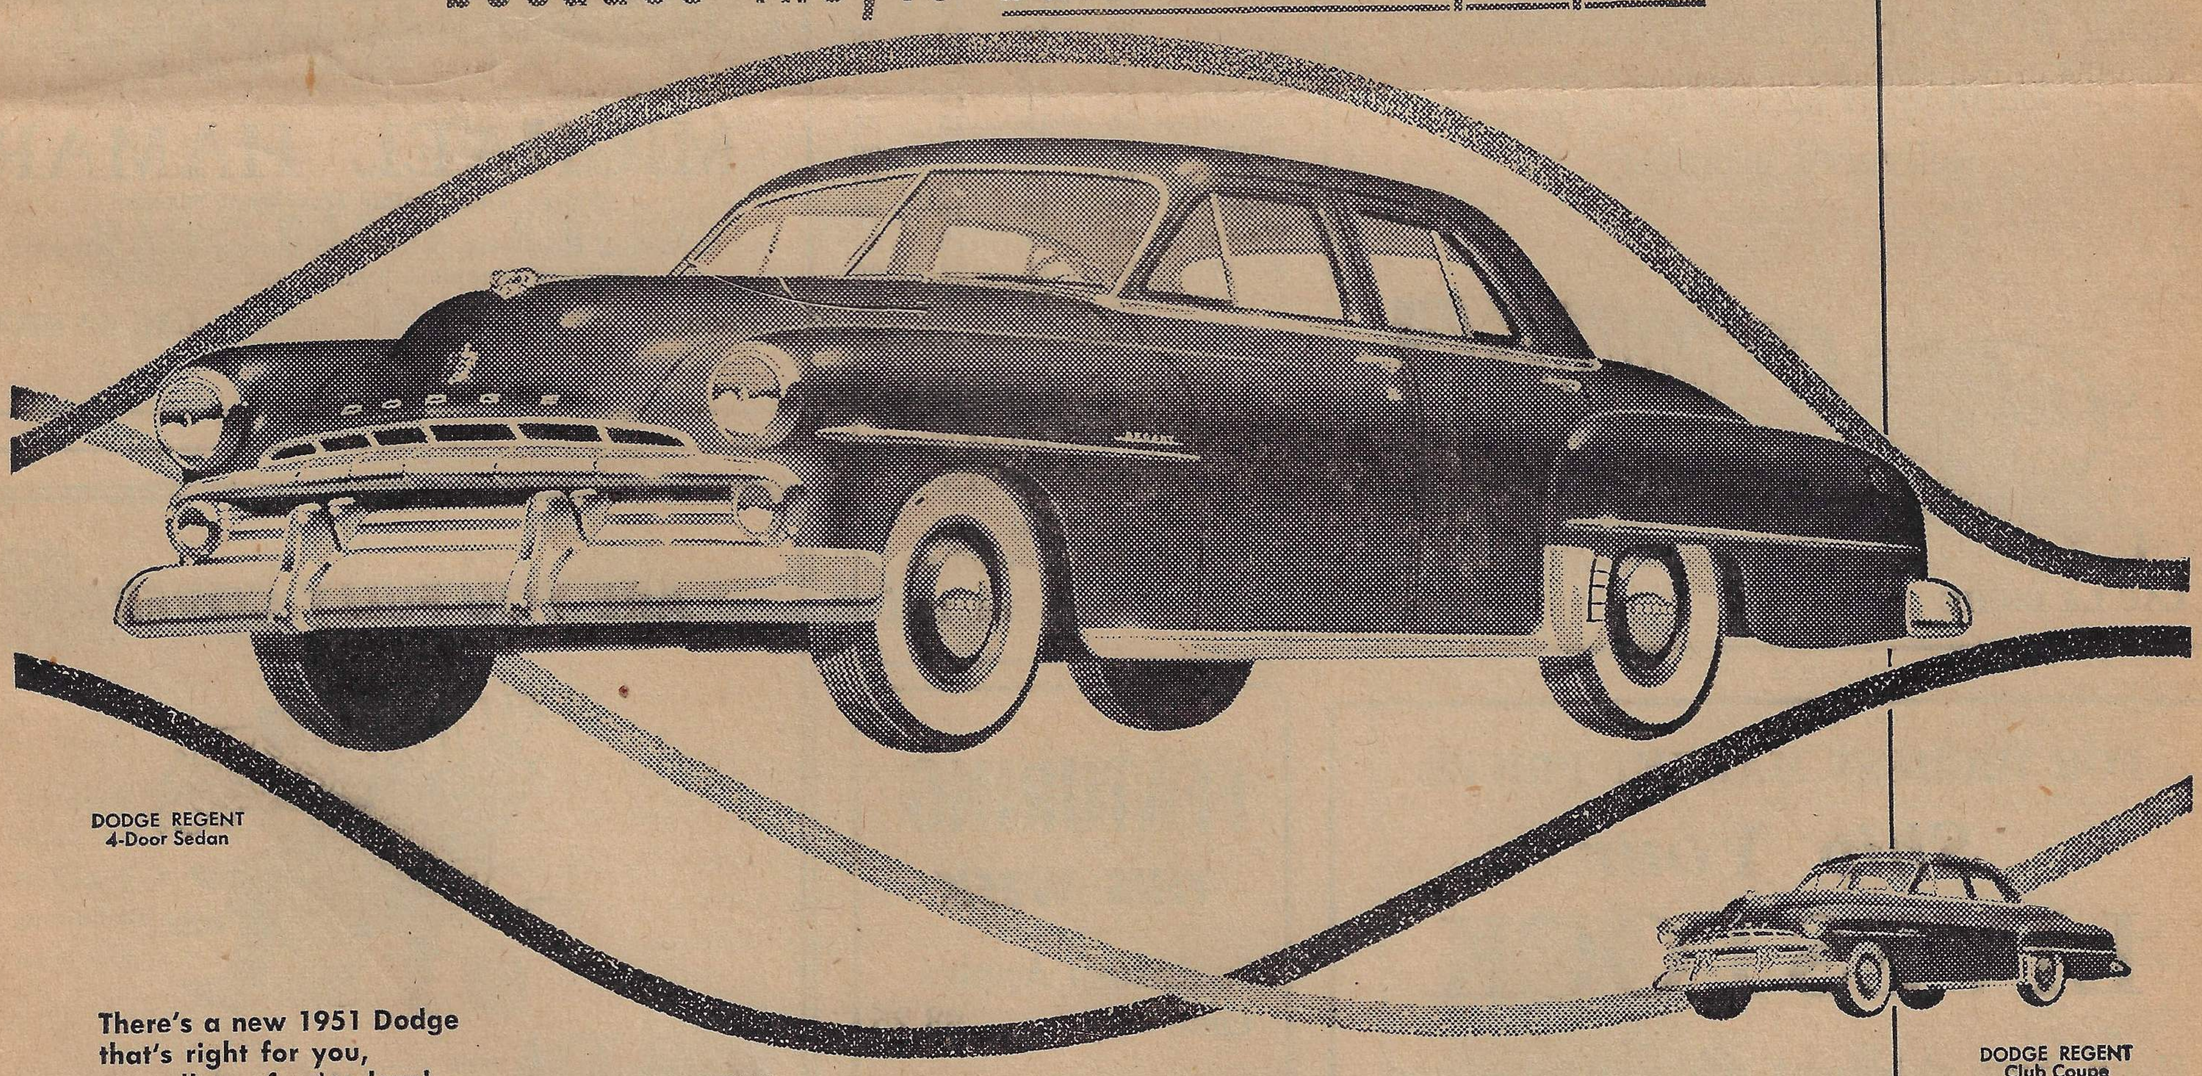

the choice for 1951

The moment you open the door of an all-new 1951 Dodge, you'll realize that these stylish new cars set a new high in comfort and safety in their price class. The big, wide-opening doors let you get in and out without crouching or twisting. Interiors are designed to let you relax — with plenty of head, leg and shoulder room. You sit on chair-height seats with a broad, safe view of the road through the new, wider windshield and rear window. The rigid steel body, finger-tip steering and "balanced" four-wheel brakes let you drive confidently — in safety.

Your Dodge dealer invites you to drive any of these great new Dodge cars . . . to test their comfort, smoothness and safety in traffic and on the highway. *Let performance convince you.*

because they're built around people!

DODGE REGENT Club Coupe

DODGE KINGSWAY 3-Passenger Coupe

DODGE KINGSWAY 2-Door Sedan

NEW DODGE SAVOY

DODGE CRUSADER 4-Door Sedan

**There's a new 1951 Dodge that's right for you, regardless of price level**

In the low-price class there are the Dodge Kingsway 3-passenger coupe and 2-door sedan models. Slightly higher in price are the longer-wheelbase Dodge Crusader and Regent models, club coupes and 4-door sedans. For town and country use, and special commercial purposes, Dodge also offers the all-metal Suburban and the *New* Savoy. The finest Dodge is the luxurious Dodge Coronet, the lowest-priced car with Fluid Drive — now available with Gyro-Matic transmission as optional equipment. The Dodge Coronet (not illustrated) is available as a club coupe, 4-door sedan and 8-passenger sedan.

Attention! Profit-Seeking Lumbermen!

When you're thinking "WHAT KIND OF A HORSE SHOULD I BUY" you consider the application . . . A RACE HORSE FOR THE TRACK OR A DRAFT HORSE FOR HEAVY WORK.

Likewise with HORSEPOWER; BUY aircraft engines for aeroplanes, automotive engines for cars and trucks . . . they are tops in the field . . . but in a tough production job, get a HEAVY DUTY INDUSTRIAL ENGINE. There's a big difference, and here's why: Just as with horses, the various requirements are so different that each type is developed to provide the ultimate results demanded for the specific application. One master type just won't do all the jobs.

Don't be misled. Don't buy "too little — too light." Saw milling in a tough industrial application. It calls for rugged, heavy duty industrial power . . . Herculean effort . . . Hercules power . . . your "key" to increased profits through maximum continuous production.

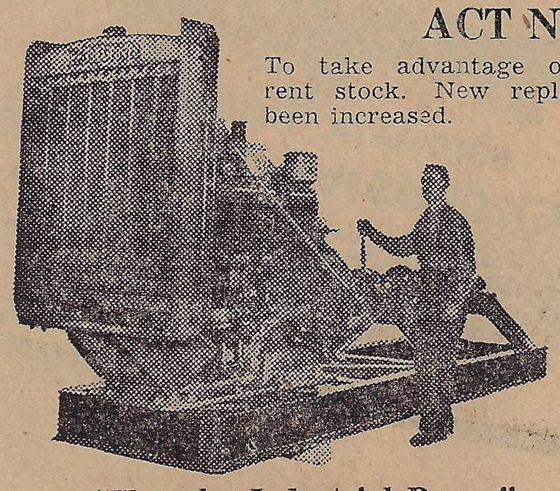

Hercules heavy duty diesel power units consistently "saw out" lumber for an expenditure of 20c or less (operating costs for fuel or oil) per thousand board feet of lumber produced. Can you match this?

Your initial capital investment is a very small proportion of the money you will spend over several operating seasons. If your production is lowered and, or made more costly through insufficient power — too light power — misapplied power . . . then your total loss will far exceed any temporary saving.

You can obtain a DFX series Hercules heavy duty diesel, rated up to 200 h.p. (continuous service at 1,600 R.P.M.) for less money than any comparably rated engine.

ACT NOW!

To take advantage of low priced current stock. New replacement stock has been increased.

"Hercules Industrial Power"
"Brawn Backed by Brains"

DETAILS on REQUEST

Get our booklet on mill machinery ball bearing mills, edgers, blowers, in modern, compact construction—designed for high speed, sustained heavy duty production.

## Health Nurse Shows Films In Boyle

BOYLE. — Three movies were shown by Miss Poole, school health nurse, at the HSA meeting the evening of Tuesday, Feb. 6.

The first was on mental health, portraying the work done at the Ponoka Mental Institute; the second was on cancer, showing work being done by the Cancer Society, and encouraging an immediate examination when cancer is expected; the third film was on immunization, illustrating what can be done by immunization if the public will co-operate in having all children inoculated.

During the business meeting a study group of eight was appointed for discussion on education of pre-school age children at the next meeting.

The banner, awarded to the room represented by the largest number of parents at the meeting, was won by Mrs. Bolton's room.

Week Ending Feb. 24, 1951

# Alberta Employment Prospects Bright For 1951, Says N.E.S.

Albertas employment outlook, dimmed by mounting unemployment figures of the winter months, is bright for the rest of the year, according to National Employment Service officials in Edmonton.

Unemployed in northern and central Alberta registered with the Edmonton office of the national employment service at the week-end numbered 6,940, an increase of only 17 from the previous week's total, according to a report issued Monday by P I. Cameron, public relations officer for the unemployment insurance commission in Edmonton.

Of these applicants, 5,198 are men and 1,742 women. Unfilled vacancies incerased by 219 to 1,157, while the number of applicants placed in jobs also increased by 118, to 505. Total of claimants for unemployment insurance benefits now registered is 5,894.

"The general employment picture in northern Alberta is good," Mr. Cameron said, "and indications are that the peak in unemployment here has been reached." This is earlier than usual for the peak figure, which is generally reached early in March.

**STENOGRAPHERS NEEDED**

At present there are many calls for male and female stenographers. In fact, "this situation may almost be termed desperate," Mr. Cameron stated. During the past six months there has been a steady demand for stenographers, averaging about 50 calls, and offering good wages. The demand is expected to increase during the next few months.

Little difficulty is anticipated in placing university graduates this year. Calls already on hand for engineering and commerce graduates will take care of practically all those graduating this spring. A branch office of the N.E.S. at the University of Alberta, under the supervision of J. R. Washburn, operates full time to assist graduates in finding permanent employment, and undergraduates in finding suitable summer jobs which will give them practical experience.

It has been announced by Hon. Milton F. Gregg, federal minister of labor, that a smaller university graduating class across the country this year, coupled with an increasing demand for technical personnel in expanding defence projects is likely to create a strong demand for graduates.

**REQUIREMENTS SUBMITTED**

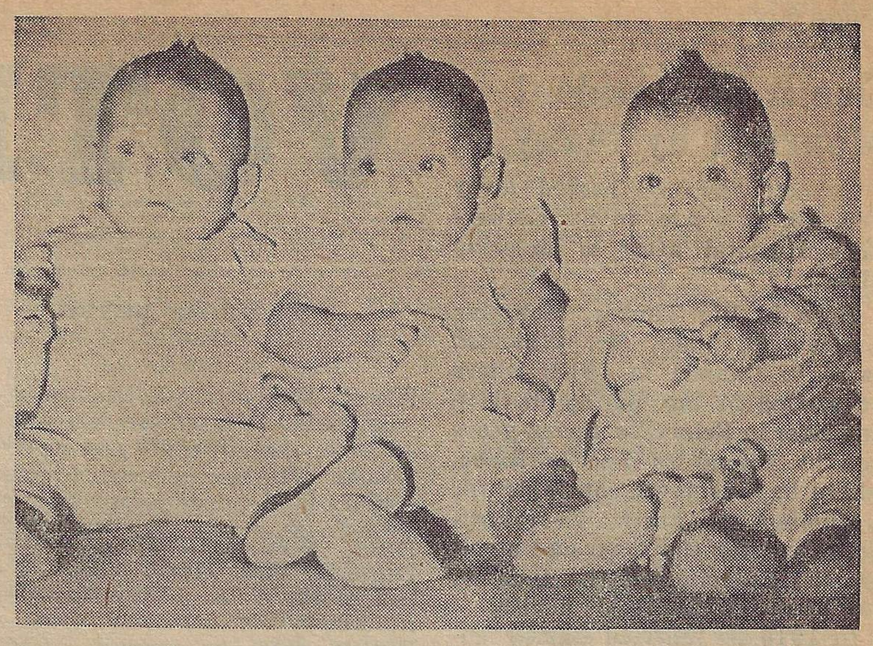

The minister said that many employers, realizing this possibility have already submitted their requirements to the employment service, much earlier than last year. He advised those students who have not already contacted the employment offices to do so as soon as possible.

Despite the expected heavy demand, Mr. Gregg pointed out that there still will be the problems involved in bringing the prospective employers and employees together, as in some cases they are widely separated in different parts of the country. As a result, the full attention of the officials of the executive and professional division of the N.E.S. and the cooperation of all concerned will be as necessary as in previous years.

**TOTAL GRADUATES**

Last year at this time, the report stated, considerable difficulty was expected in placing the abnormally large graduating class of 17,000 but the vast majority had been absorbed by August .This years' class has been estimated at about 13,000, and some of these may be expected to continue post-graduate studies.

Of the total of university students expected to graduate this spring, about 2,450 are in engineering, nearly 4,000 in B.A. and B.Sc. arts and sciencе courses, 860 in commerce and business administration, 500 in agriculture, 1,140 in education, 900 in medicine, and 500 in law. The remainder are in various specialist courses Estimates of the totals of students expected to graduate in the next four years, based on present registrations, show a decrease to 10,000 in 1954.

RADIANT with health are the Holdis triplets of Grassland, Alta. Left to right are Romeo, Gracie and Clement. Mrs. Holdis has a busy time caring for the three babies. A milk company is supplying 96 cans of milk for the babies, and will continue to do so until they are a year old.

# Golden Glove Tournament Slated For Feb. 22-23

The Optimist Golden Glove Tournament, sponsored by the Edmonton Optimist Club, "Friend of the Boy," will be held in the Sales Pavilion, Exhibition Grounds, Thursday and Friday nights, Feb. 22 and 23, starting at 8:00 p.m.

Golden Gloves Champions are amateurs, and although all do not go on from boxing amateurship to become professional, those that do, usually achieve a fair degree of success. Some of the Pro King Pins who have come up through the Golden Gloves are Joe Louis, Essard Charles, Sugar Ray Robinson and Ike Williams. Through the careful schooling they receive from the time they begin amateur boxing, bringing the fighter along slowly, until such time as he becomes a Golden Gloves winner, when he is launched on his professional career he has become a master of boxing fundamentals, which gives him a better opportunity to make his mark in the boxing world.

In the past two years, the Optimist Golden Gloves Tournament has seen many fine boxers from districts about Alberta, such as Barrhead, Grande Prairie, Lacombe, Red Deer and Calgary.

This year indications are that there will be even more boys, all boxing in the hope of winning the Golden Gloves. Any boxer with an amateur card is eligible and should write for a registration form immediately.

Address inquiries to
Optimist Golden Gloves,
Recreation Commission,
Edmonton.

## Death of Resident Mourned by Many

Robert Whitford passed away Feb. 10, at 8 p.m. in St. Catherine's Hospital after a lingering illness.

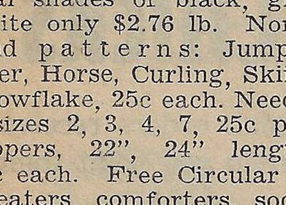

Born in Big Timber, Montana, August 10, 1889, Mr. Whitford came to Canada in 1912, where he settled in the Viking district, and later in Brierville. Seven years ago he moved to Lac la Biche, where he was town constable for a number of years, Secretary-Treasurer for the town and agent for the Co-op. until the time he had to resign due to his health.

In 1915 he married Carrie Anderson and to this union four children were born, two sons living, Robert and Roy.

He leaves to mourn his loss his loving wife, sons Robert and Roy, an adopted daughter, Mrs. E. B. Diesel; four sisters, Mrs. W. Whidden of Concilla, Mrs. M. A. Brown, Mannville; Mrs. F. Greenwood, Dinworick, Ontario; Mrs. F. Knapp, Billings, Montana; two brothers, Bill of Vancouver, B.C., and Albert of Concilla; and five grandchildren.

Funeral serice was in the United Church at 2 p.m., Feb. 15. Rev. G. Howes of the Anglican Church conducted the services, attended by many.

He was laid to rest in the Lac la Biche Cemetery.

Relax by taxi. Sit back assured the man at the wheel knows his job and will whisk you to your destination in complete safety. You go right when you go by taxi.

## BLUE JAY NEWS NOTES

Mr. and Mrs. A. Moroz and son Alfred have returned to Blue Jay after spending a few days in Edmonton. Mrs. Moroz attended her daughter's wedding and Alfred served as bestman for his sister. Inga was united in marriage to Donald Shand on Feb. 2. Congratulations Inga and Donald.

Edward Korycinski was the first victim to contact influenza. So far the epidemic seems to have affected only the school population. An unlucky break for the poor scholars.

Mrs. Stanley Ilnicki and Miss Mary Ilnicky are both receiving medical treatment in the Lac la Biche hospital. A speedy recovery to you both.

A special meeting will be held in the Community Centre this coming Sunday. All members and prospective mmbers are urged to come. The meeting will be held at 2:00 p.m. under the chairmanship of Mr. Walter Adashynski.

A party was held for David Dudla on Saturday, Feb. 10. This was a special occasion for Davey. He was two years. An enjoyable evening was had by all who attended.

Frank Dudla had the misfortune of hurting his left side and foot while working in the lumber camp north of Breynat. The extent of his injuries was not serious.

### REAL ESTATE

**LETTER TO LOUISA**

# Young Husband Thoughtless In Treatment of Wife

Dear Louisa—We have recently moved to my husband's home town where he has many friends and all of the people are strangers to me.

We have been invited many places and, in his delight at seeing his old friends, he has put me in several embarassing positions. He evidently forgets that I do not know everyone and twice at dances he has practically left me after the first dance and let me fend for myself until time to go home. He doesn't realize that he is being rude me and that he is supposed to be looking after me. What can I say? I hate to hurt his feelings by telling him that he has been discourteous and still, I feel that he should be told. If you print the answer perhaps he will see it in the paper.

TWENTY-TWO.

**Answer:**

He is certainly very thoughtless, to put it mildly. Even though you knew the people of the town as well as he did, a man, who has been properly reared knows that he should look out for his companion, whether she be his wife or date, at a dance. He should introduce her to possible partners and dance with her himself if she dances with anyone else too long.

It is inexcusably selfish of your husband to think only of himself and forget the simple rules of politeness in such a way.

LOUISA.

Dear Lousia — We have only one son and we are very anxious for him to have a college education and we can afford to give it to him.

However, he has always had difculty in passing his work at school. He is now a freshman at college and writes that he is very unhappy and is not able to keep up with his work. He wants to stop school and start work with his father who is in the automobile business.

Our son is very good with his hands—can make almost anything and knows a lot about engines. Do you think we should try and persuade him to keep up with his college work? MOTHER.

**Answer:**

Your son is evidently one of those people, gifted with his hands and not a student. The best thing you can do is to let him do the thing he likes best. He will be much happier and no doubt a much greater success in such a field than the one you are trying to force him into.

Different people have different talents and trere is no profit in trying to drive a square peg into a round hole. LOUISA,

# Alberta Students, Teachers Play Part In Civil Defence

The provincial department of education is preparing civil defence literature for distribution to every school in the province, according to Dr. W. H. Swift, deputy minister of education.

Dr. Swift added, teachers will be instructed in proper procedure in case of an air attack. He said there were two reasons for stressing the role played by schools in civil defence—first, is to ensure the safety of teachers and students—, the second is to provide re-assurance to parents. If each parent knows that his children are being looked after, he can conduct his own particular defence job calmly and efficiently, without worry or panic.

"We are proceeding cautiously, but thoroughly, not wanting to rush into emergency precautions without necessity."

Dr. Swift explained air raid drill is designed to train children to seek the safest place within the school itself. He compared this to fire drill, which is designed to evacuate the building as quickly as possible. All children in the province should know the principles of self-protection and mutual aid. The city children are given more of this training than those in the country.

Older school children will be trained to accept more responsibility. They will be expected to assist teachers in caring for younger pupils, to act as messengers, direct traffic and possibly, if necessary, to study fire-fighting techniques. School cadet corps, scouts, guides, tuxis will help provide leadership in the schools.

To Mr. and Mrs. Alex Plamondon of Plamondon, Feb. 11, a son.

To Mr. and Mrs. Leo Gaudet of Plamondon, Feb. 16, a daughter.

## McRae Turns Back Beaver Dynamiters

A determined raid by the Beaver Dynamiters Sports Club, sponsored by the McRae branch was turned back on Spedden ice on Sunday, Feb 11.

Both teams fought every minute of four fifteen-minute periods, a fast, clean game all the way. Again and again the goalies saved goals by miraculous gymnastics in real Turk Broda and Shewchuk style. Gottilia for McRae, a newcomer in the game, stopped them high, wide and handsome but was beat on ground shots as used only an ordinary hockey stick and knee pads. I give him the first star. The second goes to Wally Footz of Spedden, who stick-handled his way through all opposition unassisted to land a neat one, high in a right hand corner, repeating the performance after two minutes in the cooler.

The Spedden goalie deserves honorable mention, as he beat scramble shots from close in, which is the McRae specialty. The fast ice hampered the McRae players, as the home icers from Spedden smothered the sizzling high shot plays that cause most grief to the net-minder.

Peter Footz scored one and Henry Felewich a second in the first period and Peter Gawalko got another in the second—all low ice shots that good equipment ment might have stopped. Spedden goals all.

McRae tallied in the third, but Wally for Spedden broke loose after being sewed up till then. A two-minute charging penalty for McRae again left a hole in the wall for Mr. Willy Wally Footz and he hit the net once more.

The fourth period was a draw and the game ended Spedden 5, McRae 1. Spedden promised to return the game at Briersville as soon as their schedule allows. Brierville fans will be well rewarded to attend a repeat performance by these teams. They will be assured of a fast, hard-fought, good, clean game, that it is a pleasure to watch.
